

K-LOVE serves many areas via FM translators.

K-LOVE has a unique forum of solely contemporary christian music in my listening area. I depend on this station to provide this music which I believe helps me maintain a positive outlook at work and in life in general. Before it came to my area, all I had was southern hillbilly and sermons, now I can listen to upbeat music of the styles I prefer. If K-LOVE was forced off the air in my area, there would be no equivalent alternative for me. Please preserve this service and don't permit LPFM to interrupt K-Love service.
